"The greatest day in the history of Josslin" was the universal verdict of all who attended the county fair yesterday. It was Rock Island and Moline day and fully 10,000 people were on the grounds and were royally entertained. Over 1,000 autos were parked.

In addition to excellent races, O. A. Gehrig, Liverpool aviator, made a pretty flight at 2:30 staying in the air about twenty minutes and circling the grounds three times. The East Moline and got in an unexpected appearance in the afternoon and rendered several selections which were much enjoyed.

The host of order was maintained. One drink became a little noisy and was ejected and one patron, who wanted to display his athletic ability, was put off the grounds. All of the members of the association deserve unlimited praise for the complete success which was attained at the fair this year.

In the 2-40 trot, Glen C., another of M. E. Good Friday, belonging to H. F. Mier of this city and Judge Hooker, the property of T. C. Meador, also of Reed Grove, battled for third and fourth places and finished in the order named.

He was about to leave the grounds when a party who was riding on the rear seat jumped off. This unbalanced the machine and the gas head which caused the machine to shoot out from under him. He fell heavily to the ground, by which time the gas head was under him. He was removed to his home in an automobile.
